## HOBBIES

# DINH KHAC TUAN

Javascript Developer

## About

- I really want to learn from the experiences of good people and want to participate in real projects. I don't have much experience in real projects but I'm hardworking, quick to learn at work. I love programming and learning new technologies. I hope to do what I love and grow best with it.

## Education

- 3rd year student at Hanoi University of Industry
- Specialization: Software Engineering
- Categorization degree: Pretty

## Experience And Skill

### Skill:

- Good use of languages including: C++, HTML, CSS, JavaScript.
- Database: SQL server, MongoDB.
- Backend: NodeJs.
- Framework: ReactJs, Express.

### Experience:

- I have no experience in the actual project
- I have cloned Tiktok website by myself, and other projects with full functions of login, registration, order..., in my github repository

### Link Product:

- ReactJs:<https://github.com/dinhkhactuan/Clones-Tiktok>
- NodeJs:
